

Test Slide - Simple Diagram

Method 1: Direct Kroki URL (Simple Graph)

Error 400: Unable to decode the source.

This should show: A → B

Method 2: Using PlantUML (Alternative)

Error 400: Unable to decode the source.

This should show a simple A to B diagram.

Method 3: HTML/CSS Fallback

```
A → B → C
```

Simple arrow diagram if the above don't work.

Test Complete

If you see diagrams above, Kroki is working!

If not, we'll use HTML/CSS approach instead.
